Unified Health Interface (UHI) Implementers Guide

[Updated on 11th Dec 2022]

Hi! Welcome to UHI. This is starter pack is for anyone who:
- Wants to learn more about the Ayushman Bharat Digital Mission and about UHI
- Wants to understand how they can participate in UHI
- Wants a central hub with all available resources on UHI

1. **First things first: What is Ayushman Bharat Digital Mission (ABDM)?**
   ABDM launched by Hon'ble PM in August' 2020 aims to create open, interoperable, standards-based digital systems to support universal health coverage in an efficient, accessible, inclusive, affordable, timely and safe manner. The ecosystem is envisioned to provide a wide-range of data, information and infrastructure services, ensuring the security, confidentiality and privacy of health-related personal information.

   Watch this video or read this guide to know more about ABDM and its components.

2. Next, read more about what UHI is in layman's language here.

3. To understand more about UHI's vision and the strategic thinking behind the development of UHI, read UHI's consultation paper or read the synopsis of the consultation paper.

4. Next, read the sandbox documentation on UHI to explore your role as an End User Application or a Health Service Provider Application.

5. Sign up for the UHI sandbox here. After Signing Up you will receive your credentials for the UHI Sandbox.

6. Learn more about the protocols powering UHI here.

7. Begin your implementation by integrating with the UHI APIs listed here.

8. Cross-check the catalog requirements and the schema definitions here.

9. Test your Apps with the NHA's reference applications

   Link for EUA - https://webapp.diawi.com/install/KZsYjt
   LInk for HSPA - https://webapp.diawi.com/install/az4QvD

10. Apply for self-certification to receive production keys

   Self-certification requirements for EUA - [EUA Test Cases_Self Certification](#)
   Self-certification requirements for HSPA - [HSPA Test Cases_Self Certification](#)

Keep following NHA on [LinkedIn](#) and [Twitter](#) to stay up to date with ABDM related events. Keep a watch out for Hackathons and Masterclasses to accelerate your participation in the ABDM ecosystem.
Also, keep checking [ABDM website](#) for regular updates on ABDM.
